

ARGUS SELECT FUNDS CONSERVATIVE FUND

Fund Objective

The objective of the Fund is the modest growth of capital with the primary focus on the protection of capital. The Fund aims to provide growth in excess of a money market portfolio with minimal volatility.

Investment Philosophy

Our primary focus is capital preservation. As investment managers, we focus on understanding the way in which a portfolio and its various components will behave in difficult market environments. By thoroughly understanding these characteristics, our portfolios have been able to consistently outperform the market over full market cycles.

Investment Process

We create portfolios of high-quality managers whose individual risk/return profile fits with the overall portfolio objective. The central tenets of this process are:

- Minimize risk through diversification
- Maintain long-term relationships with managers
- Vigilant oversight of all investments
- Top-Down strategy research
- Bottom-Up manager research
